imagination**

# Save Make Reinvent from the Institute of Imagination (iOi)

## About the iOi

We are a dynamic charity and social enterprise based in London designing and delivering award-winning creative learning experiences across the arts, sciences and digital technologies. Working nationally and internationally, our programmes have included partners such as The British Council, Micro:bit Foundation, TATE and LEGO among others.

## Save Make Reinvent

A fun and engaging way to introduce sustainability into the classroom. Through the circular economy we look at how we can take used materials that we have in the home and school, and empower children to apply their imagination to Save Make and Reinvent someone's waste into another person's treasure. Over six weeks, your school could get involved in our interdisciplinary programme, receive creative learning resources, live broadcast workshops and support for your teaching staff. The programme will support your students with the following skills:

Creative thinking

Problem Solving

Collaboration

Aspiration

Wellbeing

*"The ideas and skills [from the iOi] have been implanted like a seed." - Deputy Head Teacher Newham School*

# What is Save Make Reinvent?

## Find out what you'll do across our virtual school programme

### Week 0

Receive your imagination toolbox before the term begins - packed with resources designed to support classrooms taking part

### Week 1

Kicking off the programme you'll receive teacher training covering all four activities in Save Make Reinvent. This will also be available on demand.

### Week 2

Your circular economy journey begins. You will introduce the idea of the Circular Economy to your class, start collecting additional materials needed for the activities and even dive in with tinkering!

### Week 3

This week, you'll be booked in for a live broadcast, hosted by the iOi for a for a 90min creative workshop.

### Week 4

Half way through, we'll provide you with curriculum extenders, explainers and extra resources to integrate the themes and activities into your classroom.

### Week 5

Lunchtime & Twilight Teachers Surgeries will be available for on-going support.

### Week 6

Now let's get everyone involved! We will support your whole school to join in the learning and creativity.

Save Make Reinvent and the accompanying activities are applicable to the following facets of the National Curriculum Framework in England and equivalent in Northern Ireland, Scotland and Wales. This is an inclusive programme with SEND adaptations.

## Natural Inks

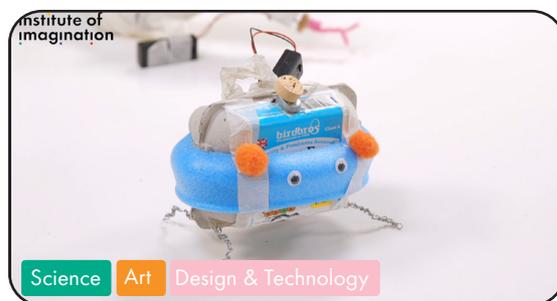

Science Art

Paint pictures using fruit, veg and other kitchen ingredients!

**KS1:** Explore paints, colours, textures and food cycles.

**KS2:** Experiment with properties and decomposition.

## Junk Bots

Science Art Design & Technology

Build your own junk bot using recyclable material.

**KS1:** Design, make and evaluate your Junk Bot inventions.

**KS2:** Prototype, construct, evaluate and use hobby motors to tinker with aerodynamics.

## Digital Storytelling

Art Computing English History

Explore stop frame animation with us! You will need access to tablets between groups to take part in this.

**KS1:** Draw your storyboards, write your story, make your characters and shoot your film.

**KS2:** Storyboard, write, narrate, design and shoot your film.

## Coding Inventions

Computing Design & Technology

Code and build your own eco machines using Lego WeDo Kits,

**KS2:** Build, adapt and code to tinker with your sustainability inventions.
