

Digital Storytelling

Teacher prep

Essential workshop prep

- Visit [Save Make Reinvent resources](#) to download all the resources you will need, including printing out the iOi Storyboard resource for the workshop
- Ask pupils to collect up to 3 pieces of clean waste using the checklist. You could even ask ahead in the parents/ carers' newsletter to get their whole families involved. Why not keep a clear bin liner ready to collect them all?
- Children can work in groups of 2 - 4, depending on the number of devices you have. Print a copy of the Storyboard resource for each group and prepare the materials listed in our checklist
- Download and install the free [Stop Motion app](#) on devices and check it works. Please also make sure your devices are fully charged
- Test that you will be able to access the workshop on the day. Click this test link to check firewall access and that your audio and video works
- Watch our ['How to make a tablet stand'](#) video to build your own tablet stand

Suggestion: extend the learning

- Take 10 minutes as a class to discuss what happens to the items you put in general, garden or recycling bins. Think what happens to them when they end up in a landfill
- In groups, discuss the pieces of junk waste that they have brought in and whether they can be recycled, reused, repurposed or whether they will end up in a landfill
- KS1: Using the Storyboard resource, ask the pupils to think about how they would tell a story using junk
- KS2: Using the Storyboard resource, ask the pupils to work in groups to invent a story to show how a piece of junk can be reinvented into something new. Ask them to think about the beginning, the middle and the end
- Ask pupils to work in groups to make their backdrops to their digital stories
- Build your digital story characters from junk waste you collected

Live Broadcast

KS1 workshops will take place from 9:15 to 10:30am (GMT)

9:15 - 9:25 - Introduction to Save Make Reinvent with interactive Q&A

9:25 - 9:35 - Introduction to Digital Storytelling, animation exploration and techniques

9:35 - 10:15 - Your class will experiment and invent with Digital Storytelling

10:15 - 10:30 - Show & Tell. Choose 2 groups from your class to share their digital stories

KS2 workshops will take place from 13:30 to 14:45 pm (GMT)

13:30 - 13:45 - Introduction to Save Make Reinvent with interactive Q&A

13:45 - 13:55 - Introduction to Digital Storytelling, animation exploration and techniques

13:55 - 14:35 - Your class will experiment and invent with Digital Storytelling

14:35 - 14:45 - Show & Tell. Choose 2 groups from your class to share their digital stories
